i suspect that what is at work here is that she is just working backwards from conclusions to evidence

inappropriately used off label as sedative hypnotic

ecstasy (mdma) is a good example of one that is both.

their children were john (7), katherine (5), stefania (2), and wacaw (6 months)

please let me know if you have any kind of ideas or tips for brand new aspiring blog owners

so don't hate the player, hate the game.
